

## TECHNICAL DATA SHEET

### ALCON GASOLINE INJECTION CLEANER

#### 1. Product Description

Thanks to its special formulation, high performance cleaning and protection contributions, it ensures that the valves run sensitively by removing charred residues occurring in injectors and injector valves. It decreases fuel consumption. It reduces exhaust fumes and contamination. It makes traction productive. It protects against corrosion.

#### 2. Properties

- Protects the fuel system against corrosion.
- Completely cleans the fuel system, resulting in better combustion and efficient fuel savings.
- Ensures trouble-free operation of the catalyst and lambda sensor.
- Neutralizes acidic condensate.

#### 3. Technical Information

Form	: Liquid
Colour	: Green
Odour	: characteristic
Density	: 1.0 -1.1 g / cm <sup>3</sup>
Water solubility	: not soluble

#### 4. Application Details

Before using, please shake the can well. For 40-60 lt. of fuel, one bottle (300 ml.) of injector cleaning product is added into fuel tank.

#### 5. Packaging

CODE	PRODUCT NAME	PACKING	PARCEL
M-9602	GASOLINE INJECTION CLEANER	300 ml.	12

## 6. Shelf Life and Storage

Shelf life is 3 years from production date . Keep temperatures above 50 ° C and away from direct sunlight. Store in a cool, dry place. Keep containers closed and upright, protecting them from physical damage. Avoid static discharge.

## 7. Caution

Don't throw full/empty cans into the fire.

Keep away from sunlight and store under temperatures not exceeding + 50 °C.

S2 Keep out of the reach of children.

S9 Conserve the container in a well-ventilated environment.

S16 Keep away from igniting sources – don't smoke.

S24/25 Avoid contact with eyes and skin.

S26 In case of contact with eyes, wash with plenty of water immediately and seek medical care.

S36/37/39 Use proper protective clothing, protective gloves, protective glasses / mask while working.

S45 In case of accident or if you don't feel well, consult a doctor immediately.

S46 In case of swallowing, consult a doctor immediately, show the container or label.

S29/56 Don't pour into sewerage system. Dispose of waste and its container in hazardous or special waste collection sites.

## 8. Health and Safety

For more information and advice on the safe handling, storage and disposal of chemical products, users shall refer to the most recent Material Safety Data Sheet containing, physical, ecological, and toxicological and other safety related data.
