

TECHNICAL DATA SHEET

ALCON RADIATOR OIL-SLUDGE- RUST CLEANER

1. Product Description

Thanks to its special formulation, it cleans the cooling system by safely removing lime, oil and residues in cooling systems and ensures that the engine runs at optimum temperature. As it doesn't contain acid, it doesn't damage the components in your vehicle..

2. Properties

- It's a neutral additive, it does not damage the radiator
- It cleans all dirt, lime and deposits that can dissolve in oil.
- Doesn't contain acid.
- It reduces corrosion.
- Compatible with antifreeze.
- Neutralizes acids.
- Doesn't damage tire and plastic parts.

3. Technical Information

Form	: Liquid
Colour	: yellow
Odour	: characteristic
Density	: 1.0 -1.1 g / cm ³
Water solubility	: not soluble

4. Application Details

Before using, please shake the can well. For 10 lt. of water, one bottle (300 ml.) of radiator cleaning product is added into cooling water. The engine is caused to idle for about 15-30 minutes until the thermostat is opened. Then cooling water is drained away. After the system is washed with water, the process is ended by adding fresh water and cooling liquid (antifreeze) according to seasonal conditions.

5. Packaging

CODE	PRODUCT NAME	PACKING	PARCEL
M-9604	RADIATOR OIL - SLUDGE - RUST CLEANER	300 ml.	12

6. Shelf Life and Storage

Shelf life is 3 years from production date . Keep temperatures above 50 ° C and away from direct sunlight. Store in a cool, dry place. Keep containers closed and upright, protecting them from physical damage. Avoid static discharge.

7. Caution

Don't throw full/empty cans into the fire.

Keep away from sunlight and store under temperatures not exceeding + 50 °C.

S2 Keep out of the reach of children.

S9 Conserve the container in a well-ventilated environment.

S16 Keep away from igniting sources – don't smoke.

S24/25 Avoid contact with eyes and skin.

S26 In case of contact with eyes, wash with plenty of water immediately and seek medical care.

S36/37/39 Use proper protective clothing, protective gloves, protective glasses / mask while working.

S45 In case of accident or if you don't feel well, consult a doctor immediately.

S46 In case of swallowing, consult a doctor immediately, show the container or label.

S29/56 Don't pour into sewerage system. Dispose of waste and its container in hazardous or special waste collection sites.

8. Health and Safety

For more information and advice on the safe handling, storage and disposal of chemical products, users shall refer to the most recent Material Safety Data Sheet containing, physical, ecological, and toxicological and other safety related data.
