

## TECHNICAL DATA SHEET

### ALCON PRUSSIAN BLUE TECHNICAL TEST PASTE

#### 1. Product Description

Technical test paste.

#### 2. Properties

- Minimizes the probability of error.
- Practical application.
- 

#### 3. Technical Information

Form : Paste

Color: Blue

Odor : characteristic

#### 4. Application Details

The Prussian blue is a perfect technical test putting on CNC and lathe machines, which dries for a long time in the room heat, allowing the level and leveling errors on sensitive metal surfaces to appear instantly and practically. In addition, mold parts that need to be matched to each other in mold manufacturing are applied to their surfaces and it is easy to see where they are especially in contact with the hard points. Minimizes the probability of error.

#### 5. Packaging

CODE	PRODUCT NAME	PACKING	PARCEL
M-9804	PRUSSIAN BLUE TECHNICAL TEST PASTE	40 gr. BOX	24

## **6. Shelf Life and Storage**

Shelf life is 5 years from production date . Keep temperatures above 50 ° C and away from direct sunlight. Store in a cool, dry place. Keep containers closed and upright, protecting them from physical damage. Avoid static discharge.

## **7. Caution**

- Keep out of reach of children.
